

PLEASE RETAIN YOUR RECEIPTS

Original receipts are required for both the installation and manufacturer warranties

THE PRESTIGE COMPANIES WARRANTY

As of January 1, 2020 The Prestige Companies warrants each installation of Katzkin Automotive Leather for a period of two (2) years to the owner of the vehicle with a \$100 repair deductible for additional parts and labor.

Please note that The Prestige Companies warranty for the installation is separate from the manufacturer's warranty for the seat cover(s), and after the installation warranty has expired the owner will be responsible for contacting the manufacturer to make a claim as outlined below.

Katzkin Warranty Information

This warranty is only valid for products purchased from Katzkin Leather, Inc. (KATZKIN) and used in The United States and Canada. This leather interior upgrade is manufactured by KATZKIN. It is explicitly limited to the original purchaser of the vehicle.

KATZKIN warrants its leather/vinyl interiors to be free from defects in workmanship and materials when cared for under regular conditions for a period of 3 years or 36,000 miles, whichever comes first. This warranty will not apply if there has been any alteration, unauthorized repair, abuse or accident.

This warranty does not apply to claims for abrasions, scuffs, cuts, scratches, or abusive and excessive wear. KATZKIN will not be held responsible for color dye lot variations in connection with any authorized warranty claims. The application of silicone-based products or harsh chemicals can damage and destroy the surface of your leather and will void this warranty. Please read the complete care instructions below.

KATZKIN reserves the right to alter, modify, or discontinue products without any obligation in regards to products previously offered. To obtain repair or replacement, present warranty claim to any authorized automotive dealership or installer. Any product sent for repair or replacement must be preauthorized. All warranty claims are at the discretion of KATZKIN. This warranty gives specific legal rights to the original consumer. Other rights may vary state to state, so the above limitations or exclusions may not apply to you. This written limited warranty will be the only warranty authorized and accepted.

CARE AND CLEANING INSTRUCTIONS

Our leathers have received a protective treatment during the tanning process, which will protect the grain from the soiling and staining of everyday use. If necessary, we recommend the following procedures for cleaning:

For Spots and Spills: Blot excess liquid immediately with a clean absorbent cloth or sponge. If necessary, use clear, lukewarm water and gently wipe spill. If water is used, clean the entire area where the spill occurred. Dry with a clean towel and allow to air dry. Do not dry wet areas with heat dryers, hair dryers, etc. as this will damage the leather.

For Stubborn Spots and Stains: Use a mild solution of Ivory bar soap and clear, lukewarm water. Apply the soap to a clean wet sponge and blot the affected area. Do not apply force or pressure, as the heat and friction of rubbing will damage the leather. Rinse and allow to air dry naturally.

Do Not Use: Any Saddle soaps, oils, abrasives, cleaners containing detergent (such as dishwashing liquids), solvent-based cleaners (such as mineral spirits), varnish or ammonia water or silicone based products as these types of cleaners will cause damage to the protective top coat of the leather and may void the warranty. Your leather has already been preserved in the tanning process and needs no maintenance other than the simple cleaning recommended.
